

ByteCrush Labs

Founded: 2019

Headquarters: Bangalore, India

Tagline: "Engineering Digital Experiences That Perform."

About Us

ByteCrush Labs is a boutique full-stack freelance agency that specializes in scalable web and mobile applications. With a team of 18 expert developers and designers, we help startups and enterprises turn ideas into pixel-perfect, backend-strong, scalable products.

Over the past 5 years, we've delivered 120+ successful projects in e-commerce, SaaS, edtech, healthtech, fintech, and logistics industries. Our developers are spread across India, Germany, and Canada.

RigiTech India (Drone logistics)

ClarioHealth (UK-based mental health startup)

Reviews

"ByteCrush Labs was instrumental in building our MVP under 6 weeks. Their backend team is incredibly strong, and their communication was A+."

- Alicia G., CTO of ClarioHealth

"We've worked with 4 different agencies before, and ByteCrush Labs outperformed all of them."

- Ankit J., Co-founder, TechStreak Inc.
